

SME Briefing Note On Government Funding

Government initiatives designed to kick-start bank lending to SME businesses.

In response to the current economic downturn and issues with the availability of finance, the British Government has announced several initiatives that are designed to kick-start bank lending to SME businesses.

We have prepared a briefing note that reviews government funding and grants available to SMEs under these new and also existing initiatives.

If you would like to receive a copy of this briefing note, please contact Steven Neal or Matthew Meadows: 020 7566 3583.
