Management Accounts & Bookkeeping

Email: bhegarty@kingstonsmith.co.uk

Brendan Hegarty is Principal in the Management Accounts and Bookkeeping Services and responsible for the department firm-wide. With over 20 years of general practice experience he has introduced new internal systems and software uses to streamline many of the firms working practices. With a current team of ten staff and one other manager he oversees almost 150 unique assignments per year.

As a Department we receive new work from existing clients that are doing new system implementations or require additional reporting or training. Also, with start-up situations, the Department liaise regularly with our VAT and the Payroll Solutions Department as typically it will affect all three areas. Brendan would be more than happy to speak with you should you require any accounting help both with software or training and a visit can even be arranged to discuss the detail further.

Key Services

- [Bookkeeping & Management Accounts](#)
- [Budgeting & Cashflow](#)
