

## Information Resources

Having access to up-to-date information on a company's status, as well as its compliance with statutory regulations and its financial position, is an important factor when considering undertaking business with them.

Information available includes:

- Company name search
- General search of a company's basic structure
- Registered office search
- Company directors/secretary
- Bulk shareholders list
- Insolvency details
- Document searches – company latest accounts and annual return, mortgage, insolvency
- Full company search
- Mortgage index
- Credit ratings
- Company turnover
