

Licensed Insolvency Practitioners

All too frequently, by the time a lender, director, shareholder or individual approaches us, the situation has deteriorated to such an extent that the only option left is to recommend a formal insolvency procedure. At Kingston Smith & Partners LLP, we pride ourselves on giving realistic and commercial advice, as well as having the ability to recognise and deal with the sensitivities of any particular situation.

With licensed insolvency practitioners as members of our team, we are able to take appointments and deal with:

- Administrations
- Administrative Receiverships
- Advice on Company Directors Disqualification Act 1986
- Bankruptcy
- Company Voluntary Arrangements
- Compulsory Liquidations
- Creditors Voluntary Liquidations
- Fixed Charge Receiverships
- Individual Voluntary Arrangements
- Members Voluntary Liquidations
